Waking up from our Oedipal hangover, Ferro Strouse Gallery sincerely apologizes for the string of sex scandals which have marred our administration's tenure. After we finally got soft again, we read all of those books we were supposed to read in college. And now, in quiet complicity with Lite Brite and our folks from H.R., we proudly present:

**Cy Morgan, Esq.
Distum Instendless**

If Ferro Strouse Gallery were Corey Matthews, then Cy Morgan is our Sean Hunter. In fact, Ferro Strouse Gallery is Corey Matthews, and Mr. Feeny is waterboarding Sean Hunter, forcing him to spill the post-historical art-world beans.
